#### **Roadway Reconstruction with Widening**

This is the second phase of a three-phase project that will eventually widen 700 East to create a continuous five-lane cross section from 9400 South through 12600 South. Phase Two widens the roadway south of phase one—9400 South to Carnation, which was completed in 2007— and brings improvements up to 11400 South. The new five-lane roadway will include a center turn lanes and medians at the intersections. Plans are underway to meet with stakeholders to inform them in advance of construction.

A Public Information Manager will be assigned to this project to keep businesses, residents and commuters informed and troubleshoot stakeholder issues during construction.
